PROFILE

He is the founder of the Tony Dental Clinic in New York since 2009, where he is considered one of the distinguished doctors and attendees in America who specialized in the world of dental implants, orthodontics, and cosmetic dentistry. He has become an active member of the International Association of Orthodontists IOA, based in the United States of America, since 2011. He is also a member of the European Dental Association (EAO) based in Paris and has many participations in its conferences and training courses, and a member of the American Dental Association (ADA).
